

To all of our customers, thank you for your patronage and welcome to our combined July, 2012 New Product Announcements, Pre-Order Announcements and DCC Tips newsletter.

NOW ON SALE...

In honor of our nations birthday, we are having a HUGE Summer Sale on all of our rolling stock. Enjoy BIG savings now. Ol' Sol is hot and these prices are too!

In The News...

Ohhh yeah, July. Summer time is in high gear. Time for a big 4th of July celebration. Hot dogs, hamburgers, bratwurst, pork burgers, corn on the cob, tater chips, beans, slaw, and ice cream samiches. Happy Birthday America! Hope you have a great cookout too. Be careful with those sparklers though. If you burn your fingers you will have to get mother to rerail your trains. Could get ugly if she starts counting...

Still working through our backlog of installations to try to get some of these units back home and back in action. Thank you for your patience as I try to tackle some of the more challenging projects. All jobs take time, some more than others. Rest assured, I will be at the bench all summer long.

Coming Soon...

The designs are nearly complete and patterns ready to go to the manufacturer for our Z Scale and Nn3 Axle and Wheel Wipers.

I am working out the final details on Ver 2 of our exclusive sound car kit that will simplify installation by incorporating a circuit board in the design.

I am also working on a hand full of smaller boards that include a new version of the constant lighting power supply, a SMD Capacitor carrier board, and an AUX 3/4 board to make the extra functions available on many decoders useable for controlling additional lighting functions.

Finally, I have the designs complete on several new HO and N scale models of our LED-based, DCC-friendly light boards. I hope to get these into production soon. Be sure to see the picture from our first installation.

New Products...

[Streamlined Backshop Services](#) has added lots of new inventory including:

- [White and blue Scotch Lok IDC connectors](#)
- [Accutrack Model Railroad Speedometers](#)
- The new Kato [Amtrak Phase II and Phase IV Anniversary P42](#) locomotives

We also have lots stock on-hand of the N and HO scale Kato Unitrack products. Planning an expansion? Be sure to check out our quantity discounts.

Pre-Orders

Sorry, I didn't have time to add any new Pre-Order announcements this month. Most manufacturers announce there upcoming product releases via news-letters. Let me know if you want to reserve any of those items through www.SBS4DCC.com.

I did manage to get the next batch of the FVM ES44AC Heritage units listed. Be sure to reserve yours soon!

DCC Tips and Tricks...

Our DCC tip of the month is How to Speed Match Locomotives Using the Accutrack Model Railroad Speedometer.

Here is a link the demo:

[How To Series #6 - How to Speed Match Locomotives Using the Accutrack Model Railroad Speedometer](#)

Tieing Up...

We continue to make progress on our interchange page. If you would like to link to your website added to our friends section, just send us a request and the link to sales@sbs4dcc.com. We would love to add you!

Be sure to see our monthly ads in the marketplace section [Model Railroad Hobbyist](#) magazine. Also keep an eye out in the September issue of Model Railroader Magazine for our first ad in the Model Marketplace section.

And don't forget, we offer a full line of DCC Decoders, Speakers and installation supplies from CT Elektronik, Digitrax, ESU, Lenz, MRC, NCE, QSI, Soundtraxx, Sprog, TCS, Zimo and more.

Thanks to all. Have a safe and Happy 4th of July!
