

Hello Friend,

At some point in our past, we have done business together on ebay. Streamlined Backshop Services started by selling on ebay through regular auctions and eventually through an ebay storefront. Time marches on, businesses change, and new opportunities present themselves. Somewhere along the way, we also began developing a website and online store that was not affiliated with ebay. Well, time has marched on and the ebay platform no longer makes sense for us. After much thought and deliberation, we have closed our ebay store effective as of December, 2012. We have not stopped trading and continue to expand and offer many great products to help you in your pursuit of the World's Greatest Hobby.

We are now doing business exclusively through our full-featured online ecommerce site, [www.SBS4DCC.com](http://www.SBS4DCC.com). Hopefully you have already found us online. If not, we would like to invite you in to have a look around. We feel this format allows us to provide a friendlier experience while offering better prices to you at lower costs for us. That's a win-win-win. Oh yeah, be sure to sign up for our newsletter while you are there. A copy of the January edition is included with this letter.

We continue to develop exciting new products under our own name, SBS4DCC.

We offer a huge selection of DCC products from the best names in business including CT Elektroniks, DCC Specialties, Digitrax, ESU (LokPilot and LokSound), Lenz, NCE, QSI, Soundtraxx, SPROG, TCS, and Zimo.

We also offer many of the finest products from the best scale model train manufacturers including Atlas, Fox Valley Models, Intermountain, Kato, Micro-Trains, Model Power and many others.

We thank you greatly for your past patronage and look forward to new opportunities to serve you. We cannot continue to grow without your support. Thank you.

Happy 2013! Bryan

**HAPPY NEW YEAR** from Streamlined Backshop Services!

We are looking forward to serving your hobby needs in '13 with more great products from the best manufactures and many new additions to our own product line.

### Recent customer feedback

As a passenger train guy, these boards are my new standard.

... *Don in Washington*

...the result is excellent. No flicker at all and the ability to set the light intensity is outstanding.

... *Walt in California*

We are now accepting pre-orders for the new [SBS4DCC N Scale DCC-Friendly Kato Superliner Passenger Car Light Kit](#).

We have prototype contacts in production for the N Scale Athearn Bombardier coaches. If they work out, these should be available in February.

We have more models in the pipeline so keep an eye out for those announcements.

We have also updated our online resources for this product including [Board Connection Diagrams](#) and [Additional Application Notes](#).
